Concussion Form

<u>Student Athlete's Initials</u>	<u>Concussion Information</u>	<u>Parent/Legal Guardian's Initials</u>
	A concussion is a brain injury, which should be reported to my parents, my coach(es) or a medical professional if one is available.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach and/or a medical professional about my injuries and illnesses.	
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	
	My child will need a written permission from a health care provider to return to play or practice after a concussion.	
	Concussions could last for multiple days or weeks. A more serious concussion may have symptoms lasting for months or longer.	
	After a bump, blow, or jolt to the head or body, if there are any symptoms "danger signs" such as loss of consciousness, repeated vomiting, or a headache that gets worse, an athlete should receive immediate medical attention.	
	After a concussion, the brain needs time to heal. I understand that my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before the concussion symptoms go away.	
	Sometimes repeat concussions can cause serious and long-lasting problems and even death.	
	I have read the above concussion symptoms and understand and agree to follow all concussion protocol.	

("Health care provider" means a Tennessee licensed medical doctor, osteopathic physician, clinical neuropsychologist with concussion training, or physician assistant with concussion training who is a member of a health care team supervised by a Tennessee licensed medical doctor or osteopathic physician.)

No Quit Policy

Knights Athletics is excited to partner with all student-athletes by providing them the opportunity to play sports at Lancaster Christian Academy. Our mission is to use sports to teach our students about Jesus Christ. Most athletic programs require their student-athletes to “try-out” for their sports teams. With the mission being the focus of our athletic program, we allow all students, that are willing, to participate without trying out. However, this philosophy does require the athletic program to create a commitment agreement from each student-athlete.

The Knights Athletic Program has formed a “No Quit Policy” in order to help maintain the structure and success of each specific sport at LCA. Our goal with this policy is to help educate youth in the area of commitment. Our heart is to teach the student-athlete that you’re a part of a team/organization that is bigger than themselves. We want to help the student-athlete understand that they’re a part of a team, with teammates relying on them to be successful. We are setting an example that will help our student-athletes fight through adversity and finish what they have started.

The Knights Athletic Program understands that unforeseen circumstances may arise that cause a student-athlete to be removed from the team. Before a student-athlete is removed from a team or decides they no longer wish to continue, a meeting with the athletic director is required.

The following actions will apply for a student-athlete that is removed or the athletic director has agreed they no longer have to continue with that specific team/sports: (All final decisions are made by the athletic director)

- All sports fees for each specific sport will be owed and fees already paid are non-refundable.
- The student-athlete will not be eligible to participate in other sports for the remainder of that current school year.
- The student-athlete will not be eligible to practice or participate in a sport for the following school year until August 1st of the new school year.
- The student-athlete will not be eligible to participate in sports activities over the summer months.
- The student-athlete may be required to remain on the team and fulfill a team manager’s role. (The expectations and requirements of the team manager’s role will be determined by the athletic director)
- All uniforms (game and practice gear) must be returned immediately.
